Activities

Success is when you accomplish something that you perhaps wanted to do. It might be a goal that you have met. Sometimes you have to fail many times before you finally succeed at something.

- Think about this week. What have your successes been? There might be lots of things that you have succeeded with. It doesn't have to be anything huge, just a little thing that you did or learnt. Take time to reflect and think about your successes.
- Make a 'PROUD CLOUD'. This is a big cloud shape, and you can add all your successes to your proud cloud. It does make you feel proud when you succeed at something.

Success feels great but it isn't always an easy journey.
